

SUPRA SVIDEO CABLE

Video Multi Core Co-ax 75 Ohm
 Gauge: 2x1x0.22mm² / AWG 24
 Rev.date: 2023-10-10
 Customs tariff no: 8544429010
 Country of origin: Sweden

- Efficient shielding for for maximum signal integrity
- PE di-electric insulation for low Capacitance
- High purity tin plated copper wires
- Flexible & robust construction

Svideo Cable

The S-video interlinks come in different variations with Scart/S-video/RCA connectors. Application examples: DVD/Game Console to TV/Projector. All connectors are shielded

The S-Video Format

S-Video is a better transfer system than composite, but needs two conductors with correct phase properties for synchronising the luminance and chroma. In order to achieve this, the True 75 Ohm impedance is an important parameter of the cable. S-Video means a signal that is separated Y/C. Y (graY) is grey scale (luminance) and C stands for Colour. S-Video givs better colour quality and sharpness than composite video. Supports 480i and 576i formats.

CONSTRUCTION

Cable: SUPRA AV-3
 Jacket: PVC GA78, round
 Diameter: 8.0mm
 Colour: Iceblue
 Marking: SUPRA AV-3 > Made in Sweden > Meter mark
 Screen connection: Coax, the screens are connected in both ends
 Connectors: Supra SVHS-7
 - Type: 1 SVHS-7 male < > 1 SVHS-7 male
 - Material: 24K Gold plated OFC
 - Colour: Gold/Anthracite grey
 - Locking: Expanding spring grip
 Solder tin: Almit SR34 Super
 Signal direction: Not directional
 Packing <4m: Blister 25 x 21.5 x 4.8cm
 Packing >4m: Blister 31.5 x 25.4 x 6cm
 Char. impedance: 75 Ohm
 Damping: 1MHz/1.4db, 5MHz/3.1dB, 10MHz/4.4dB, 50MHz/9.8dB
