SUPRA®Cables
MADE IN SWEDEN

# SUPRA SUBLINK AUDIO 1PR LINE

Analogue Interconnect cable, mono
Gauge: 1x3x0.24mm² / AWG 23
Rev.date: 2023-04-20
Customs tariff no: 8544499390
Country of origin: Sweden

- Excellent price/performance ratio!
- Incorporates the basic Supra features to reach rapid transient response
- PE di-electric an high purity copper improves high signal integrity
- Shielded for efficient noise rejection

⌀5.5

Sublink Audio

Analogue Interconnect cable, Hi-Hi, Line & Subwoofer - mono

Supra SubLink is suitable as a single channel interconnect such as AV-receiver LFE out to sub-woofer LFE input, or as a pair of stereo interconnects. Low capacitance and efficient shielding provides for long cable routing such as e.g. sub-woofers. The cable is possible to connect as single-end or balanced with any of our suitable connectors as follows; PPX, RCA-6 or XLR. An excellent entry level cabel for the consious hi-fi listener how will not satisfy with the sub-standard interconnects usually enclosed with entry level hifi eguipment. We believe it will be the starting point of exploring the positive impact of Supra's interconnects, which will allow any hi-fi device to reach its full potential.

CONSTRUCTION

Cunductors (x2):	Tin plated Cu-wire OFC 5N 19x0.127 mm
Cross section Area:	2x0,24mm2 / AWG 23
Insulation:	PE, Blue & Red. Twisted pair.
Screen:	Alu/Pet foil
Screen coverage:	100%
Screen connection:	Tin plated OFC drain-wire 19x0.127mm
Jacket:	PVC GA78, round
Jacket thickness.	2 mm
Diameter.	5.5mm
Colour:	Iceblue & white (other colours upon order)
Marking:	SUPRA SUBLINK > Made in Sweden > Meter mark
Weight.	48 kg/km
Packing:	Bobbin 100m (other lengths upon order)
Suitable plugs:	Supra RCA-6, RCA-6SC & Swift XLR

ELECTRICAL SPECIFCATION

Resistance:	72 ohm/km
Capacitance:	52 pF/m
Characteristic impedance:	90 Ohm
Velocity factor:	0,66x C (speed of light)
