

SWORD 2x3.0 EXCALIBUR JUMPER

High end loudspeaker jumper cable with Spade/Banana

Gauge: 2x3.0mm² / AWG 12

Rev.date: 2022-08-30

Customs tariff no: 8544429010

Country of origin: Sweden

- Screened - Completely transparent and dynamic sound
- Bifilar wound litz conductors
- Interchangeable connectors with M6 thread, banana/spade
- Rhodium plated solid OFC connectors

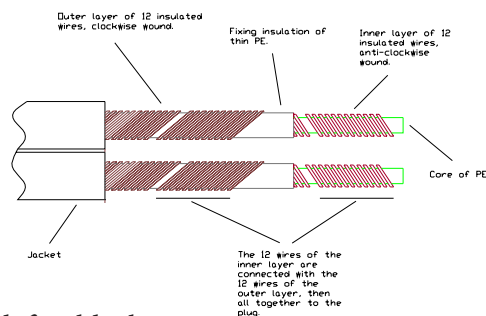

Sword 2x3.0 Excalibur Jumper Cable

Our ultimate speaker cable, with no compromises or shortcuts. Every part of the design are of highest quality while still affordable and as always manufactured in Sweden.

Bifilar-wound litz 5N OFC conductors, twisted and shielded for minimal RFI interference, PE insulation, solid copper rhodium plated connectors. The Supra CombiCon CB03-EX crimp bodies are especially designed for Excalibur, and each conductor is twisted into the crimp body for maximum bending strength. The litz wires are crimped mechanically under high pressure for a perfect and airtight cable connection. The connector body has a Supra M6 thread, which allows the user choice of interchangeable rhodium plated Supra spades or banana/BFA pins. The cable behaves as a non-inductive and in-phase cable through the entire audible frequency spectra. The only thing not cancelled is the sound, allowing you to hear every little note of the music, at full dynamics. Enjoy!

CONSTRUCTION

- Cable: Sword 2x3.0 Excalibur conductors
Conductors (x2): 2x12x0.40 (Enameled)
Area: 2x3.0mm² / AWG 12
Insulation: Transparent PE, D=6mm
Configuration: Stereo pair, 2 > 2 connectors, Right = red, left = black
Connectors: Combicon Rhodium, 4 x Banana M6 pins & 4 x spade M6 are included
- Material: Rhodium plated OFC
- Connection: Crimp, 8 x Combicon CB03-EX RH M6
- Insulation: Sleeve 4 x S03-EX red, 4 x S03-EX black
Signal direction: N/A
Packing: Blister 25x21,5x4,8 cm

Standard lengths as below, special lengths upon order.
