

SUPRA DAC-SC 1RCA-1RCA AUDIO

Analogue interconnect cable Active/Subwoofer

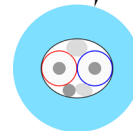

Gauge: 1x3x0.24mm² / AWG 23

Rev.date: 2022-08-30

Customs tariff no: 8544429010

Country of origin: Sweden

- Robust connectors - Noise immune and gold plated
- Shielded with efficient and strong semi-conductive nylon
- Low capacitance - bass pulse without flattening or slowing down
- Great for long distance with maintained signal integrity

DAC-SC 1RCA-1RCA Audio

High end interconnect for active speakers or Sub-woofer.

For single channel connection between e.g. a receiver and an active speaker or sub-woofer. Supra DAC is a really rapid response interconnect thanks to its extremely low capacitance. Supra DAC is insulated with a special PE-foam plastic which exhibits only 45 pF/m. When the PE is foamed, the residual amount of PE becomes like a sponge, hence further reducing its electrical influence on the fragile music signal. The enclosed air becomes the major dielectricum and results in an electrical locomotion without brakes; full dynamics, response time and 3D sound stage, you simply will not come any closer to the real live experience. Further it is shielded with our very efficient and strong semi-conductive nylon ribbon, keeping all malicious noise out. The velocity factor of SUPRA DAC is as high as 78% of the speed of light. Correct timing and the electrical properties ensures complete transparency. 24K heavy-duty goldplated connector RCA-6SC.

CONSTRUCTION

Cable:	SUPRA DAC
Jacket:	PVC GA78, round
Diameter:	6.1mm
Colour:	Iceblue (other colours upon order)
Marking:	SUPRA DAC > Made in Sweden > Meter mark
Screen connection:	Semi-balanaced, the screen is only conneted in the source end.
Plugs:	SUPRA RCA-6SC, 1 RCA male > 1 RCA male
- Material:	24K Gold plated Copper
- Colour:	Anthracite grey
Solder tin:	Almit SR34 Super
Signal direction:	Follow the arrows printed on the cable > source > receiver
Packing <8m:	Blister 25 x 21.5 x 4.8cm
Packing >8m:	Blister 31.5 x 25.4 x 6cm

Special lengths are made upon order.
