

## SUPRA MB01/H STARQUAD FRHF

Star quad Mic/Line Installation cable

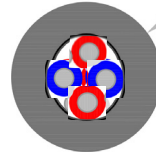

Gauge: 1x5x0.24mm<sup>2</sup> / AWG 23

Rev.date: 2023-05-25

Customs tariff no: 8544499390

Country of origin: Sweden

- Excellent flame retardancy- Halogen free - low smoke
- Star quad configuration, low attenuation
- Low capacitance - low microphony
- Low mechanical friction jacket, perfect for installation

### MB01/H Star Quad FRHF - Halogen free & flame retardant

A durable, strong, flame resistant professional Mic/line installation cable

A Slim star quad construction perfect for installation in conduit hoses. Very good electrical and mechanical properties for a long service life. It can be used both as single-end as well as balanced, we recommend balanced operation at longer lengths (> 5 meters). The cable's construction is uncompromisingly designed for microphones and instruments and other line applications. The 4 conductors can be cross-coupled for extremely low attenuation.

#### Halogen Free & Fire Retardant

Supra professional series are fire retardant and halogen-free allowing them to be used professionally in public spaces. As soon as there are large events where the public is present there are tough regulations on all parts when it comes to durability, fire resistance and emissions of toxic fumes in case of a fire.

Fire rating Dca-s1, d1, smoke density: s1, particles released: d1

#### CONSTRUCTION

Conductors (x4):	Tin plated Cu-wire OFC 5N 19x0.127 mm
Cross section Area:	4x0,24mm <sup>2</sup> / AWG 23
Insulation:	PE, Red, blue, white & black. Twisted pair.
Screen:	Alu/Pet foil
Screen coverage:	100%
Screen connection:	Tin plated OFC drain-wire 19x0.127mm
Jacket:	PE ECCOH 5943 FRHF, round
Jacket thickness.	1.5 mm
Diameter.	4.2 mm
Colour	Black (other colours upon order)
Marking:	SUPRA MB01/H Star Quad > Made in Sweden > Meter mark
Weight:	26 kg/km
Packing:	Bobbin 300m och 500m (other lengths upon order)
Suitable plugs:	Supra RCA-6, RCA-6SC & Swift XLR

#### ELECTRICAL SPECIFICATION

Resistance:	72 ohm/km
Capacitance:	52 pF/m
